

TATE COUNTY BEGINS  
TUBERCULOSIS FIGHT

SENATOBIA, Miss., Dec. 2. (Sp.)—Mrs. Marjorie McGee, of Senatobia, perfected a county tuberculosis organization here today. Prof. T. J. Calhoun was selected as the county leader. The drive for funds will begin at once. The county's quota for the fight being waged against the disease is \$1,500. Mrs. McGee has two plans for raising

funds: the sale of Red Cross Christmas seals and the sale of bonds to those who wish to subscribe more liberally. One-half of the county's quota will be retained in the county and be used in fighting the disease locally. Two ways of using this fund have been suggested: to be expended in an examination of the school children of the county for tubercular infection, or to be used in a portion of the expense in building a cottage for Tate county patients at the state institution at McGehee, Miss.

Elderly People Have A  
Daily Health Problem

Stomach muscles and digestive organs  
slow to act as age advances

MOST people find the years slipping by without realizing it, until suddenly confronted with the fact that they can no longer digest everything they would like to eat. It then becomes their daily task to avoid what they know to be chronic constipation.

When exercise and light diet fail it will be necessary to resort to artificial means. Strong physics and cathartics, however, are not advisable for elderly people. They act too powerfully and a feeling of weakness results.

What is needed is a laxative containing effective but mild properties. This is best found in Dr. Caldwell's Syrup Pepsin which is a combination of simple laxative herbs with pepsin. It acts gently and without griping, and used a few days will train the digestive organs to do their work naturally again without other aid.

Dr. Caldwell's Syrup Pepsin has been on the market since 1892 and was the private formula of Dr. W. B. Caldwell, who is himself past 80 years of age and still active in his profession. It can be bought at any drug store for 50c and \$1 a bottle, the latter containing enough to last

even a large family many months. It is a trustworthy preparation.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 311 Washington St., Mendota, Illinois.

PETITION FOR KISER'S  
PARDON IS ON FILE

JACKSON, Miss., Dec. 2. (Sp.)—Cecil Kiser, serving a 20-year term for manslaughter, was introduced into the penitentiary by a political conspiracy, according to a pardon petition in his behalf, just filed at the governor's office.

The case is one of the most unique that has been received at the executive office for some time. Kiser was convicted last October of the killing of a man named John Welch. Prior to the tragedy, according to the petition, he was a quiet, peaceable young man, and had never been in trouble of any kind. It is alleged that he surrendered to the sheriff immediately after the shooting and was admitted to bail in the sum of \$1,000 to await preliminary trial. On the date set for the hearing he was on hand with his attorney, and just before the case was called it was learned that a conspiracy was on foot to remand him to jail without bail in order to cause political trouble for the sheriff, who had permitted him to be at large under a \$1,000 bond. The state campaign was then in progress and politics was red hot in Tate county.

Upon the advice of his friends, Kiser did not wait for the trial, but quietly disappeared, leaving the state. The fact that he had been allowed liberty under a nominal bond was made an issue in the campaign, and the report was circulated that "the sheriff had allowed a red-handed murderer to go at liberty." On the day before court convened Kiser returned to Tate county and was ordered, in the meantime a mass meeting had been held at Senatobia to demand that the sheriff and we feel that he did not have a fair and impartial trial," says the petitioners.

COTTON SEED EMBARGO  
HALTS OIL BUSINESS

JACKSON, Miss., Dec. 2. (Sp.)—The oil mill industry in Mississippi is at a complete standstill as a result of the government embargo placed on cotton seed shipments. Many of the mills have closed down and laborers are seeking other employment. In spite of the strong appeals that have been sent to Washington for a modification of the embargo, mill managers see little hope for relief, especially in view of the fuel restrictions for Southern territory, issued from the national capital Saturday.

According to mill managers here, thousands of tons of cottonseed stored at local stations will spoil within the next few days unless they are moved to the mills and put through the crushing process. The seed left in the open in poor condition, owing to the unfavorable weather for cotton picking during the past 30 days. A majority of the seed houses at shipping points are poorly constructed, and the mills have no facilities for the proper care of seed stored at these points.

The cotton growers of Mississippi are also up against a serious problem in regards seed for planting purposes next year. Tempted by the high prices, many farmers sold off their best seed gathered in September and October, and practically all seed that has come through the gins since that time is of inferior quality owing to bad weather. Only a few of the mills have stored choice seed to be sold for planting in the spring.

## HELD ALL-DAY MEET.

BLUE MOUNTAIN, Miss., Dec. 2. (Sp.)—Academy Baptist church, one of the leading congregations in this county, held an all-day service Sunday to get its teams well at work to secure its quota in the Baptist \$75,000,000 campaign. David E. Guyton made the speech in the forenoon, and Rev. S. V. Gullett preached in the afternoon. Dinner was served to the congregation by the ladies' provision and subscriptions were taken during the noon intermission. Academy is working hard to go over the top.

UNION COUNTY TO LAY  
SLAG ON BANKHEAD ROAD

BLUE MOUNTAIN, Miss., Dec. 2. (Sp.)—Union county through its board of supervisors has just let a contract to a Memphis concern to lay burning slag along the 27 miles of the Bankhead highway through the county. This contract was awarded to the concern at \$1.50 a cubic foot. The completion of this work in Union will probably give the county one of the best pieces of thoroughfares in this section.

## GRAVEL ROAD.

YAZOO CITY, Miss., Dec. 2. (Sp.)—The link of road between Tchula and the foot of the hills with what will soon be good roads into Yazoo City, is being gravelled with a speed, which promises a good gravel road before the coming of the rainy season of the year.
